MEMORANDUM FOR: Assistant Deputy Director (Research)

SUBJECT: [REDACTED]

Thank you for your note on the above subject. In my view, [REDACTED] should be "supported and managed in a proper manner." This seems to me to be an NRO responsibility, but one in which the DDR has a very important role to play. I would urge that we work closely with the NRO or the USAF as necessary to put [REDACTED] in top shape.
